CAIROX

Plenumboxes for ASM25(-W) type PR25

Plenum boxes in galvanized steel for ASM(-W). All boxes will contain 1 duct connection spigots upto L = 1200 mm. Longer boxes will contain 2 duct spigot connections. The plenumboxes have been developed to mount individually or in line. When mounted in-line the sides can partially be removed to keep length consistency.

Brand

- Cairox

Order example

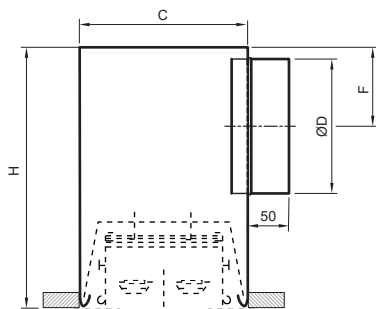

- PR 2 1500

Explanation

PR = Not-insulated plenum box

2 = Quantity of slots according to diffuser

1500 = Length according to diffuser

	Dimensions			
	C [mm]	H [mm]	ØD [mm]	F [mm]
