

Insulated plenum boxes for ASM(-W) type PRI25

Insulated plenum boxes in galvanized steel for ASM(-W). All boxes will contain 1 duct connection spigots upto L = 1200 mm. Longer boxes will contain 2 duct spigot connections.

Brand

- Cairox

Application

- The plenumboxes have been developed to mount individually or in line. When mounted in-line the sides can partially be removed to keep length consistency.

Composition

- Insulation thickness: 6 mm

Order example

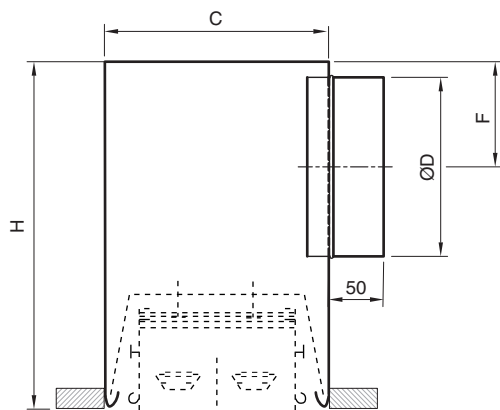

- **PRI 2 1500**

Explanation

PRI = Insulated plenum box

2 = Quantity of slots according to diffuser

1500 = Length according to diffuser

	Dimensions			
	C [mm]	H [mm]	ØD [mm]	F [mm]
PRI25 1	66	260	160	95
PRI25 2	110	300	200	115
PRI25 3	154	300	200	115
PRI25 4	198	350	250	140
