CAIROX

Filters for PPF type IG/PPF

Steel thread filter with synthetic G3 filtermedia - Coarse 50% ISO 16890. Initial pressure loss 20Pa, final pressure loss 200Pa

Brand

- Cairox

Composition

- Synthetic filtermedia with filterclass G3
- ISO 16890 Coarse 50%
- Gravimetric capacity: 85%
- Classification G3 (EN 779)
- Initial pressure loss: 20Pa
- Maximum end pressure loss: 200Pa
- Max temperature: 110°C
- Not regenerable

Order example

- **IG/PPF, 520 X 530**

Explanation

IG/PPF = Type filter

520 X 530 = size filter
