

Exchangeable duct filters G4 type SF

Circular galvanized steel filter housings with easy accessible disposable filter

Application

- For air filtration in ventilation and airconditioning applications

Material

- Galvanized steel

Composition

- Galvanized steel housing with disposable G4 filter

Mounting

- To be placed in between two ducts

Accessories

- Spare filter, type **SF-SP**

Text for tender

- The filterboxes will be of the circular type with disposable easy accessible EU4 filter.
- CAIROX Type **SF**

Order example

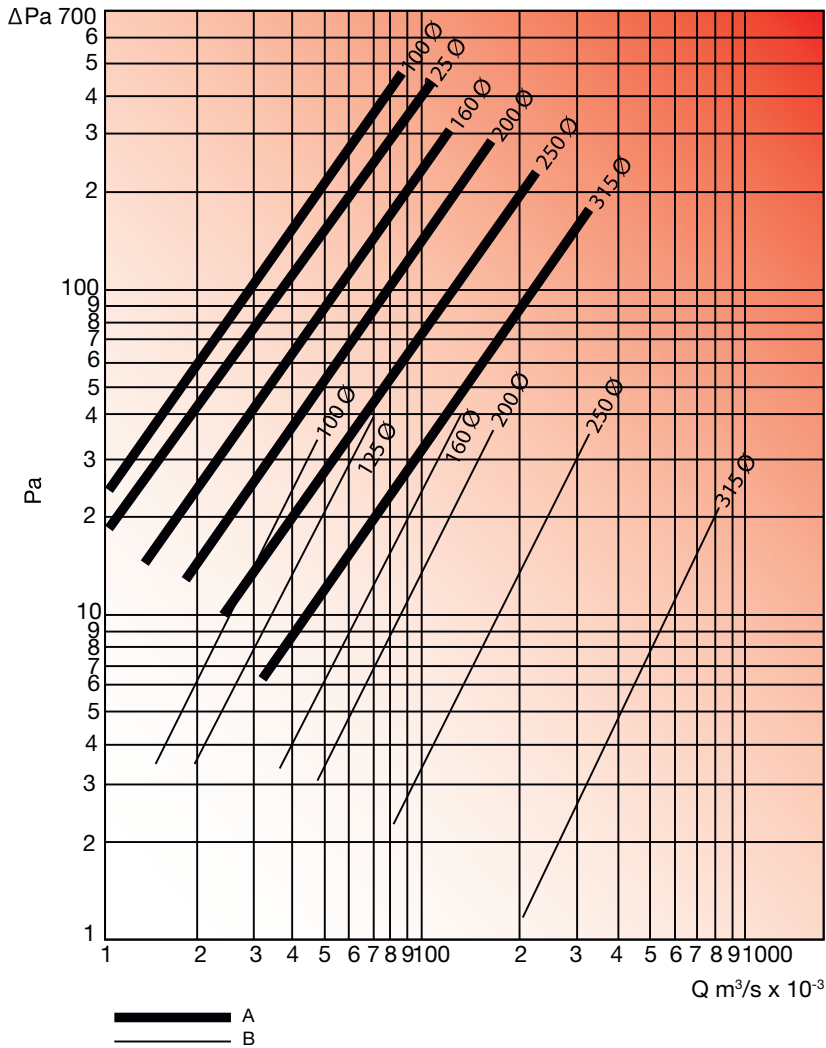

- **SF, 160**

Explanation

SF = Type of filterholder (incl. filter)

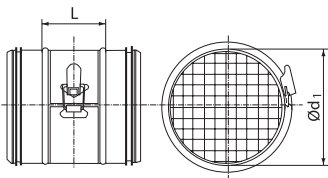

160 = Connection diameter

Pressure drop graphs

List of symbols

- A = Filterholder + filter
- B = Filterholder without filter
- ΔPa = Pressure loss in Pa
- Q = Air volume given in m³/s x 10⁻³

SF	Dimensions	
	L [mm]	Ød1 [mm]
100	65	100
125	65	125
160	65	160
200	65	200
250	65	250
315	65	315
