

## Subcollectors rectangular type S-COL R

Sub collector for rectangular grille

### Brand

- Ventichape

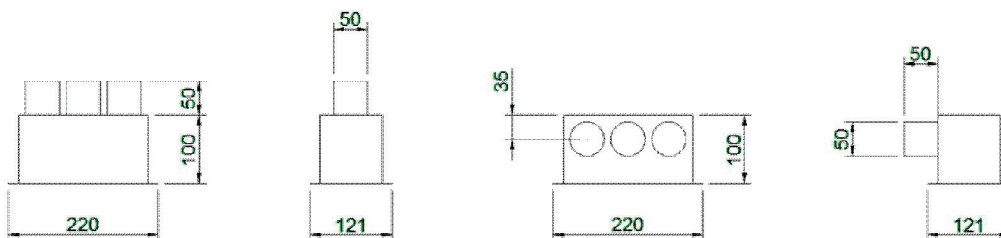

### Application

- Sub collector (height = 60 mm) for use in the cement screed/wall: for a rectangular grille 190 x 91 mm (L x H) or 296 x 91 mm (L x H) (optional) with respectively 3 or 5 connections for **FLEXBLACK 50**

### Composition

- Sub collector made of steel with KTL-coating; thanks to this KTL-coating, the sub collector is proof against the corrosive products of the cement screed (max. burden 80 kg/cm<sup>2</sup>)
