

Rectangular plenum boxes type KTL HPG

Rectangular perpendicular plenum box for wall grilles, 204 x 60 mm to 200 x 100 mm (L x H)

Brand

- Ventichape

Application

- The plenum box is equipped with an air conductor and has a connection of 200 x 60 mm for a wall grille with dimensions 200 x 100 mm. The maximum air flow rate is 100 m³/h. Thanks to a connection on the top/bottom, it is possible to make a connection with the rectangular duct by means of a connection piece.

Composition

- Rectangular plenum box made of KTL coated steel; thanks to this KTL coating, the plenum box is resistant to the corrosive elements of the cement screed (compression strength 80 kg/cm²)
- The KTL coating is also dust and moisture repellent, which makes it very appropriate for ventilation applications
