

## Ducovent Design type EVD (RAL9010)

Adjustable design valve with magnetic strips on the cover plates and duct connection

### Application

- Thanks to its sleek design, EVD can be integrated virtually invisibly in rooms from which damp or contaminated air is to be extracted
- The acoustic rings provide optimal sound attenuation and easy adjustment

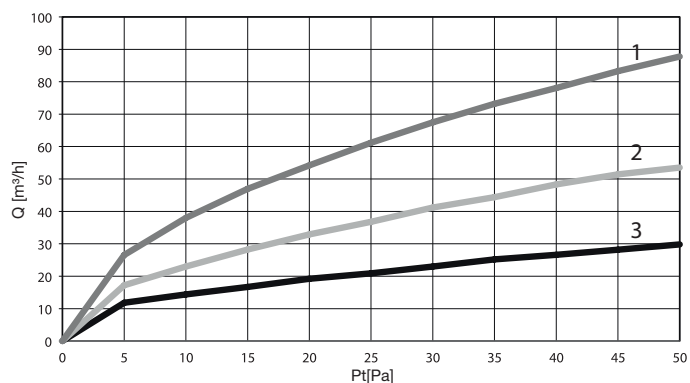

### Specifications

- Aesthetic extraction valve, available in 5 different designs: square (**EVD-SQ 125** and **EVD-SQXL 125**), square with rounded corners (**EVD-SQR 125** and **EVD-SQRXL 125**) or round (**EVD-R 125**)
- Mounting: suitable for ceiling mounting (minimal distance from wall: 60 cm)
- Connection with clamping springs, suited for ducts with diameter of 125 mm
- Setting:
  - Pre-setting: based on audible rings
  - Fine adjustment: continuous with spindle

### Composition

- Aluminium grille in white, RAL 9010
- Synthetic air conductor and built-in section
- Foam turnover regulator with concentric acoustical rings

**Selection curves**

1. Air flow with 1 ring
2. Air flow with 2 rings
3. Air flow with 3 rings
