Tablet interface kits for EVEREST 290 in combination with KGR or KGH kit type KTA-Kp (PAE GPE)

The tablet interface kit is to be integrated into the front panel of the EVEREST 290 unit and is protected by a sheet metal door with key. This tablet provides access to the Hi-Web functions and gives full visual control of the main operating parameters of the modular system (available in combination with the KGR5/KGR10-Kp (PAE GPE) or KGH5/KGH10-Kp (PAE GPE) kit and supplied as a self-assembly kit).

Brand

- Emicon

Application

- Can only be ordered as an option when purchasing EVEREST 290 units with the KGR5/KGR10-Kp (PAE GPE) or KGH5/KGH10-Kp (PAE GPE) kit.
- Once installed, this tablet provides a complete overview of all parameters of all EVEREST units cascaded at any time without having to connect a laptop.

Characteristics

- Ease of use
- Provides visual access to Hi-Web parameters without having to connect a PC

Versions

- **KTA-Kp (PAE GPE)**
