

Interface card for VCE, AIR, CSV, HCV & TOUCH type SDI-V

Interface card for fan coil units type **VCE, AIR, LIGHT, FRESH, UTC & TOUCH** for regulation of max. 4 units on one controller

Brand

- Ventilclima

Application

- For fan coil units type **VCE, AIR, LIGHT, FRESH, UTC & TOUCH**

Characteristics

- Power supply: 230V~-15% +10% 50Hz
- Single-phase motor max power: 1/10 HP (0,074 W)
- with on/off valve and 3 speeds motor
- Not necessary with EC motors
- Nominal current: 3A for each AC motor
- Nominal current: 2,5A for each valve actuator
- Nominal voltage: 250V
- Protection grade: IP30
- Operating temperature: 0°C - 40°C
- Humidity limits: 10% - 80% rH (not condensing)
- Case: ABS / PC
- Size: 160 x 87 x 63 (W x H x D)
- Weight: ~343 gr.
