

Electric reheating battery SBA-A, SBA-P, SDA, SHA type HOEL

Built-in electric heater battery for Hidros dehumidifier. If, in addition to this battery, you also use the built-in RGDD.05 sensor for temperature and humidity, the regulation/control is done by the built-in controller.

Brand

- Emicon

Application

- Only available as a built-in accessory when purchasing a Hidros dehumidifier SBA, SDA or SHA for swimming pool areas.
- In this case you also need the built-in sensor RGDD for temperature and humidity.
