

## Duct hygrometers type HMH

Electro-mechanical hygrometer with switch contact

### Application

- Suitable for ducts with Ø250 mm or larger

### Specifications

- On/off humidity control
- Alarm switch when humidity is too high or low
- Humidity range : 10 to 100% RH
- Switch contact 250 V AC - 10 A

### Mounting

- Duct or wall

### Technical data

- Hysteresis 3% RH
- IP 54
