

CO₂ transmitter type WOX/E(-D)

Wall mounted CO₂ transmitter with a measuring range between 0 - 2000 ppm.
Type (D) with LCD.

Application

- For regulation of ventilation systems on the basis of the CO₂ concentration

Mounting

- Appropriate for wall mounting

Accessoires

- Transfo 230 / 24 V AC, type **TRAFO 15/D**

Technical data

- Supply voltage 24 V AC ±20% or 15...35 V DC
- Measuring range CO₂: 0 - 2000 ppm
- Accuracy CO₂: +/- 50 ppm +2% of the measured value
- Measuring principle CO₂: NDIR (Non-Dispersive Infrared Technology)
- Output signal: 0-10V
- Protection class IP 30
- Current consumption: 10mA

Options

- MODBUS or BACnet communication, price on request
