

Transformators 230 V / 24 V AC type TRAFO D

Double insulated protection transformer for DIN mounting

Brand

- Regin

Specifications

- Input voltage: 230 V AC
- Output voltage: 24 V AC
- Power output: 15 VA **TRAFO 15N2/D** / 40 VA **TRAFO 40N3/D**

Mounting

- DIN-rail

Technical data

- IP 20
- Isolation voltage: 4 kV AC RMS
- Type: class II

Function

- Overload protection : the **TRAFO D** has a thermal protection to prevent the transformer against overloading
