

Duct humidity and temperature transmitter type DTTH

Duct humidity and temperature transmitter

Brand

- Regin

Specifications

- Supply voltage: 24V AC (20...28V ~50/60Hz, 2 VA) / 15...35V DC
- Working range: 0-100 % RH and -40°C - 60°C
- Accuracy: ±2% RH at 25°C and 0,2K°C at 0-60°C
- Output signal: 0 - 10 V for RH and temperature
- IP 65

Mounting

- Appropriate for duct mounting

Accessoires

- Transfo 230 / 24 V AC, type **TRAFO 15/D**
