Valve

3-way valves type VFX3

3-way valve for hot and cold water circuits

Application

Regulation of hot and cold water batteries

Specifications

- Pressure rating: PN16
 Flow characteristic: Linear
 Max. leakage: 0% of the Kvs value
 Media: Hot water, cold water and glycol-mixed water (max. 40% glycol)
 Stroke: 2,5mm

Material

■ Brass CW614N
